

Call for Expressions of Interest

The Multilingualism & Diversity Learning Community under the EUTOPIA Alliance invites expressions of interest from students who wish to take part in its 2022-2023 programme of activities.

The Multilingualism & Diversity Learning Community is a community of students and academics alike, from six European universities, who are passionate about Multilingualism and want to explore the local relevance of global problems. Our goals: champion cross-university interdisciplinary collaboration in linguistics and modern languages, transform the student learning experience, and contribute to building a new academic model. We have an exciting programme of activities, and a brand-new *à-la-carte* formula leading to a micro-credential.

How it works: you will need to pick two activities from our programme. At the end of the academic year, once you have completed the activities, you will get a micro-credential* by EUTOPIA alongside your degree. This will be added on your transcript or HEAR statement. It will not be added to your degree credits and will not affect your credit-bearing options.

**A micro-credential is a qualification evidencing learning outcomes acquired through a short, transparently-assessed course or module. Micro-credentials may be completed on-site, online or in a blended format [European Commission].*

This flexible formula enables you to mix and match activities in order to create your own personal programme, specifically tailored to your needs and preferences. In our programme of activities, we offer:

- online short courses from our partner universities (3-6 weeks)
- a student conference (+ module evaluation).

For a more detailed description of the activities we offer, please see our attached activity booklet.

Our Learning Community provides an inspiring and supportive learning environment to help students develop their skills and confidence through the use of innovative pedagogies. This programme is a great opportunity to further your knowledge about multilingualism, earn a micro-credential, gain new transferable skills, and connect with students from other universities all around Europe!

If you are interested, please contact your local EUTOPIA lead, or the Learning Community Assistant, Dr Méline Delmas (melina.delmas@warwick.ac.uk).
